DETAILED ACTION

Drawings

New corrected drawings in compliance with 37 CFR 1.84 and 1.121(d) are required in this application because the drawings are too dark to see the construction and contain copies of photographs. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 1-42 to an invention non-elected without traverse. Accordingly, claims 1-42 have been cancelled.
